

THE IMPACT OF SANCTIONS AGAINST NORTH KOREA

Humanitarian aid is critical for 10 million people in North Korea, 40% of the population. Sanctions directly impact the flow of aid and put millions at risk.

3,968 KILLED

3,968 people died in North Korea in 2018 due to shortages or delays in UN health

4 out of 5 people killed were children under the age of 5 of all deaths by shortages and delays to UN health programs in 2018
